PROPHECY- The Destruction Of My City Of Sin, Las Vegas

"I will destroy it all. Nothing will be left but dust and ashes. The city of sin will be gone. Test they will their particle beam weapons going way beyond nuclear weapons. All will be gone in a flash! The U.S. Army are traitors galore. They have eyes on the city. All will be dissolved away. Remember Maui? They have weapons way more powerful, particle beams from space. Satellites will test them on you, Las Vegas, from command centers deep underground. You evil city of sin have no chance of surviving this evil attack. City of sin must go, detestable in my sight. My judgment is arrayed against it through traitors in the U.S. Military, in the Army galore. They will destroy you, O Las Vegas. It will come in an instant without warning. All will be gone but dust and ashes. They hate you with an intense hatred. I have spoken, the Living God. Amen."
